DUST-FREE DRILL BIT **SPEEDUSTER 646**

DUST-FREE

SPEEDUSTER dust-free drill bit with the massive head system allows immediate dust extraction.
SPEEDUSTER drills faster and without any blocking, its lifetime is significantly longer.

CLEANER WORKSITE

SPEEDUSTER drills and extracts dust in one stage. Job is done faster. Indoor equipment is safe from dust and lasts longer.

PROTECTION

In compliance with the new international dust exposure regulations, workers are now protected from dust. According to countries, rule establishes the value of exposure to quartz silica (breathable dust) at 0,1 mg / m³ for 8 working hours.

FAST SPEED DRILLING

DRILLS TWICE FASTER

SPEEDUSTER drills 4 holes vs 2 for a standard SDS-Max drill bit.

EFFICIENTLY

FASTENING IN 2 STEPS ONLY

Holes drilling and cleaning are made in a single stage. Chemical fastening resistance is multiplied tenfold thanks to the perfectly clean holes. There are a real time-saving and a bigger profitability of worksites.

Tests done in our internal laboratories.
